

Have you always wanted to learn a violin or viola but never had the chance? Have you just watch ABC's Don't Stop the Music and would like to get your child involved in music making? You know the value of making music in a supportive community?

The Latrobe Orchestra is starting a Beginner String Program in 2019, for beginners of all ages.

Why get involved?

Be part of a friendly, enthusiastic, inclusive and encouraging learning environment of community musicians regardless of age, gender, and disability or demographic.

Combat feelings of isolation, improve mental health and build stronger community engagement through making and sharing music together.

What is provided?

- A violin
- Weekly 45 minute group lessons during school term time with an experienced string teacher, and large ensemble rehearsals once a month.
- Regular performance opportunities with the Latrobe Orchestra.

Cost: \$80 per student per term, with a year long commitment required.

How do I learn more? Information sessions will be held:

- 6th December at 6pm: Kath Teychenne Centre, Breed St Traralgon. Enter City of Traralgon Brass Band room at the rear of the building.

- Straight after Latrobe Orchestra's Babies Prom Concert: 11am Saturday 8th December at VRI, Queens Parade Traralgon. Introduce the littlies in your life to the wonders of the Orchestra. All tickets \$5, under 2s free.

Contact: Alison Teychenne 0402 125 848.
